Colonoscopy Prep Instructions – SUTAB AM (arrivals 6:30am - 11:30am)

Please follow the General Colonoscopy instructions along with your prep instructions.

At 9am the day before your procedure begin drinking 8oz of clear liquid every hour.

Begin your first dosing regimen: 6PM the day before your procedure

Step 1. Open 1 Bottle of 12 tablets.

Step 2. Fill the provided container with 16oz of water (up to the fill line). Swallow each tablet with a sip of water (take all 12 gradually over a 30 minute period), then drink the entire container of 16oz of water over the next 15-20 minutes.

Step 3. Approximately 1 hour after the last tablet is ingested, fill the provided container with 16oz of water (up to the fill line), and drink the entire amount over 30 minutes.

Step 4. Approximately 30 minutes after finishing the second container of water, fill the provided container with 16oz of water (up to the fill line), and drink the entire amount over 30 minutes.

Begin your second dosing regimen: 5 hours prior to procedure

Repeat Steps 1 through 4 from your first dosing regimen above.

All fluids must be stopped 2 hours prior to your arrival at our facility or your procedure may be cancelled.
